

In the Specification:

On page 1, directly beneath the title, please insert the following

--The application contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.--

REMARKS

Fig. 1 shows photographs of LB agar mediums onto which serially diluted culture solutions are spotted for comparing their growth. Fig. 5 shows SDS polyacrylamide electrophoresis of the cases where a PIP protein was expressed by *Rhodococcus erythropolis* strain L-65, L-88 and JCM 3201.

The results of these comparisons and measurements are best depicted in color and the photographs enhance visual contrast, which otherwise might be indistinct.
